Club Information Sheet -

Bottom Half to be Attached to entries for the District Final

Title Club Ref No

Details for District information Address Telephone & e-mail

Club Name

President

Contact Name/ Youth Officer

Student Name & Age

The Practical Guide

1. As soon as you receive this, print off the Application Form and rules for as many outlets as you wish within the resources of the club. These can be distributed, for example, ad-hoc, via a local newspaper, youth clubs, schools, scouts and guides.
2. You have from now to the 1st of March, so please take a look and get over to the schools and clubs to promote this.
3. When you get a reply make out the form as above and give each entry a unique reference number which should be prefixed with your club name.
4. Dependent upon the number of overall replies received by March we will have winners at 1 or 2 levels (Club or Region) which can then go forward to a District Final which will be held before Convention.
5. Please support this competition. If successful it will become an MD competition and hopefully an International one.
6. The winning posters need to be sent to PDG Judith Goodchild at 88a, Franklin Avenue, Tadley, RG26 4EU by 1st March.
